Day One: 30th July 2026 – Regional Anaesthesia

Time		TUTOR ROTATING for MODULES
0730	**Registration**	Dr Daniel Gaetoni Dr Sanjay Ramrakha
08.00- 08.30	Welcome and housekeeping **Lecture:**	General principles of blocks Plane vs Plexus / Peripheral nerve blocks Local anaesthetics Adjuncts (Clonidine / Dexamethasone) Monitoring/toxicity
08.30 – 8.40	Move to cadaver lab	
08.40- 9.40	**Module 1** **Blocks for hip femur knee injuries**	PENG (NOF #, Pubic rami #) FIB (NOF #) Femoral n. (Femoral shaft #)
9.40 – 10.00	**MORNING TEA**	
10.00 – 11.00	**Module 2** **Blocks for shoulder/clavicle/ proximal humerus**	Interscalene Infraclavicular brachial plexus Axillary brachial
11.00- 12.00	**Module 3** **Blocks for foot lower leg injuries**	Saphenous n. (Medial calf, ankle and foot) Sciatic n. & Common peroneal n. Tibial n. (Sole of foot)
12.00 – 12.30	**LUNCH**	
12.30 - 13.30	**Module 3** **Block for wrist and hand injuries**	Supracondylar radial n. (Distal radius injuries) Proximal & distal median n. Proximal & distal ulnar n.
13.30- 14.30	**Module 4** **Head for thoracic and facial injuries**	Serratus anterior (rib # / pleural drain) Erector spinae (rib # / renal colic / pancreatitis / shingles) Supraorbital / Infraorbital Inferior alveolar / Incisor block Occipital / Sphenopalantine ganglion NB
14.30	**WRAP UP**	

Day Two: 31st July 2026 – Airway and Trauma Procedures

Time		LEAD TUTOR
0730	**Registration**	
08.00-08.20	Welcome and housekeeping	
08.20 – 8.30	Move to cadaver lab	
08.30-9.30	**Basics of Laryngoscopy** • Fundamentals of RSI • Troubleshooting video laryngoscopy	Dr Ryan Downey Dr Matthew Oliver
09.30 – 09.40	**MORNING TEA**	
09.40 – 12.00	**Advanced airway techniques** (40mins each) • Hyperangulated video laryngoscopy • Supraglottic airways • Fibreoptic scope x 2	Dr Jacquie Robson Dr Mark Russell Dr Ryan Downey
12.00 – 12.30	**LUNCH**	

12.30 - 15.20	**Trauma Procedures**
	(40 mins each)
	• Surgical cricothyroidotomy (front of neck)
	• Lateral canthotomy
	• Tube thoracostomy
	• Vascular Access
	  • MAC line subclavian
	  • Interosseous access
		Dr Clare Richmond
		Dr Matthew Oliver
		Dr Dane Chalkley
		Dr Mark Russell

15.20-15.30	**BREAK**	
15.30 – 16.30	Resuscitative Thoracotomy	Dr Matthew Oliver and Dr Brian Plunkett
16.30	**WRAP UP**
